

Kamil Orlowski

FULL STACK DEVELOPER

info.kamilorlowski@icloud.com | +48 515-444-404 | github.com/orlovvvv | Lublin, Poland

ABOUT

Full Stack Developer with 4+ years of experience building web and mobile applications. I combine startup agility with enterprise-grade IT infrastructure management in healthcare. Specializing in TypeScript and modern JavaScript frameworks.

EXPERIENCE

Full Stack Developer

2023 — Sep 2025

Banieczka S.A.

- Architected and shipped the '**Banieczka**' mobile app from scratch using TypeScript, Capacitor, Ionic, and Angular — from system design to App Store deployment.
- Built a scalable **Customer Portal** (Next.js, TypeScript) now serving nearly 3,000 active monthly users.
- Developed a comprehensive **Admin Panel** (Angular, TypeScript) — the central tool powering daily business operations.

Senior IT Specialist

2020 — Present

SPZOZ Hospital, Parczew

- Ensure high availability of mission-critical hospital systems supporting **500+ medical and administrative staff**.
- Administer and optimize **Oracle** databases, safeguarding HR, payroll, and financial data integrity.
- Engineer custom tools for medical service validation and national health insurance (NFZ) reporting.

EDUCATION
